

Read Me First test for question weightage:

- Please follow the define format to create the question via bulk upload.
- While creating question, in question tagging section, please follow the same question tagging format which you have declared in Basic Information section.
- For question tagging in case of
 - EMDH please write:
 - Easy
 - Medium
 - Difficult
 - HOTS.
 - Proficiency level:
 - Proficiency Level 1
 - Proficiency Level 2
 - Proficiency Level 3
 - Proficiency Level 4.
- If you want to repeat same kind of question format, then please do create in same format rather than copy and paste to avoid any junk characters issues.
- In fill in the blank question, please create the blank in defined format only and number minimum and maximum blank will be 1 and 3 respectively. For blank 1, please write the correct option in 'Option 1' and 'IsOption1Correct' column, please write 'Yes' and can be done same action until 3 blanks. For Example: Ram <blank> a good boy. Then 'Option1; will have 'is' as text and 'IsOption1Correct; will have 'Yes'.
- After bulk upload, please do select the same number of questions with proper question tagging to create.
- In Match the following question, please write left side option in Option 1 and Corresponding right side option in 'IsOption1Correct' column and can be done same action until option 7. For Example: 'Option1' will have 'Mango' then 'IsOption1Correct' will have 'Fruit'.
- To understand the abbreviation of the question types please follow the below pointers.
 - MCQ-SCA - Multiple Choice Question - Single Correct Answers
 - MCQ-MCA - Multiple Choice Question - Multiple Correct Answers
